PROFESSIONAL SUMMARY

Full-stack developer with proven expertise in building scalable web applications using React.js and Django. Demonstrated ability to design responsive frontends that improved user engagement and backend systems that optimized data processing. Proficient in Python, JavaScript, and REST API design with strong problem-solving skills and commitment to clean, maintainable code architecture.

TECHNICAL SKILLS

Languages	Python, JavaScript, HTML, CSS
Web & Backend	React.js, Django, REST APIs, Bootstrap, Tailwind CSS
Databases & Tools	MySQL, Git & GitHub, Postman, Visual Studio Code
Soft Skills	Problem-solving, System Design, Code Optimization, Collaboration

EDUCATION

Bachelor of Engineering (B.E) in Computer Science | Mar Ephream College of Engineering & Technology, Graduation: May 2025

CGPA: 8.2/10 | Relevant Coursework: Data Structures, Python Full Stack, OOP, DBMS, Web Development

PROJECTS

Portfolio Website | React.js, Bootstrap | Live: knowmeportfolio.vercel.app | [GitHub](#)

- Architected responsive portfolio website showcasing projects and skills using React functional components and hooks (useState, useEffect), achieving 95% mobile compatibility across device types
- Optimized performance through lazy loading and code splitting, reducing initial load time by 35%, and implemented smooth animations enhancing user engagement

E-Commerce Shopping Platform | Django, Python, MySQL, REST API | [GitHub](#)

- Engineered full-stack e-commerce system using Django with JWT authentication, handling product catalog, cart management, and order processing for 100+ concurrent users
- Designed normalized MySQL database schema with 8+ tables optimizing query performance by 50% through strategic indexing and query optimization
- Implemented product filtering, search functionality, and checkout flow achieving 95% test coverage with automated unit and integration testing

CERTIFICATIONS & ACHIEVEMENTS

- Full Stack Web Development Certification (CCS) – Covers Python, Django, React, and database design
- Python Programming Certification (Keltron) – Advanced Python programming and problem-solving
- Languages: English, Tamil, Malayalam
